TRADE WHEN INSTITUTIONAL MONEY MOVES HAPPEN

The vast majority: 85% of the financial markets are institutional money driven. Institutions always try to hide their footsteps, however, by the sheer size, they are identifiable and the private investor/trader can spot and trade along with them.

TradeColors.com is an introductory concept to *Never Loss Trading*®

SEE AND TRADE YOUR PLAN RIGHT FROM THE CHART

- Clearly defined ENTRIES, EXITS, STOPS.
- Trade, when the odds are in your favor.

MOMENTUM TRADING

Trade, when the moves happens: For a 1-Expansion Move (calculated expected price move), multiple times in the same color sequence.

TREND TRADING

Stay in the trend for a Two- or Three-Expansion Move or until the trend comes to an end by an opposite candle-color-sequence.

ALL ASSET CLASSES

The concept of *TradeColors.com* is applicable for all asset classes. In our teaching and reports, we focus on your specific needs as a Day-Trader or Stock-Trader: Stocks, Options, Futures, FOREX

OPPORTUNITY REPORT

Aside from teaching you how to trade with *TradeColors.com*, you receive market scans, where we report Stocks or Futures and FOREX-pairs with a favorable candle-color-setups.

TRADE WHAT YOU SEE

Trade with a system, which helps you to find institutional money moves and clearly spells out trade entries and exits. Use our opportunity reports to find your trading opportunities. All installed on your computer.

MOMENTUM TRADING

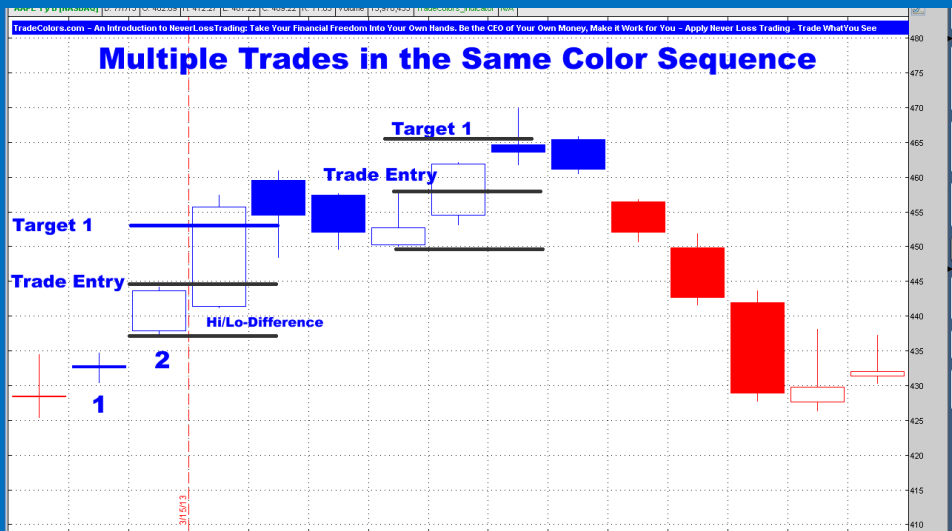

Take short bites from the market. Do not take the risk of longer-term holdings. Focus on compounding interest. Trade multiple times in one candle-color-sequence.

TREND TRADING

Jump on the wave of an institutional engagement in assets and ride it out until the trend comes to an end.

OPPORTUNITY FINDING

Multiple times per week, we scan and report on Stocks, Futures, and FOREX-pairs with favorable candle-color-sequences. Saving you hours of time and effort. Imagine, if you had to screen through more than 250 charts daily, seeking for opportunities.

BUILDING THE MIND OF A SUCCESSFUL TRADER

TradeColors.com is our introductory concept to high probability trading. You will learn to act on chart setups initiated by institutional trading and how to act only when the odds are in your favor. Strive for constant returns, using the advantage of private investors: Speed. You can enter and exit entire positions much faster than Institutions are allowed to or can.
